

# Brookings/Watertown Chapter

## October 2024 Newsletter

Greetings Brookings /Watertown SDEC Members.

I hope you are all enjoying the beautiful fall weather we have been having and are completing your fall projects before Old Man Winter arrives.

Our October class will be held on Tuesday October 22nd at the Hy-Vee Store in Watertown at 7:00 PM.

Byron Krull will be presenting on “Tap Conductors”. This class will be good for 2 hrs of code.

I want to remind all chapter members that the Brookings/Watertown chapter will be hosting the Annual Conference which will be held at the Watertown Event Center on April 25<sup>th</sup> and 26. Please mark your calendars and plan to attend this conference. The committees and council administrator, Kelli Fuhrmann, are busy working on lining up speakers, sponsors and the menu along with many other details. There is a lot of work that goes into hosting this conference so your support is greatly appreciated and needed by the SDEC throughout the state.

The SD Electrical Commission will resume tracking continuing education hrs. in 2025 and going forward. You can receive up to 14 hrs. by attending both days of this conference.

**Reggie Gassman**
